ecolytiq

We at ecolytiq believe technology will be the game changer in facing the most daunting challenge of our times – CO₂ reduction. We want to grow a team of people who want to make a difference. We seek personalities with values. Individuals with the passion to create, to change, and to dare. “Doers” with a sense of urgency, who strive for team play and outstanding results.

We are looking for your support to face this challenge as:

Senior Product Manager m/w in Berlin

Your tasks:

Let something new emerge:

Develop a top down vision and according objectives for our products and services, with a focus on a mid- to long-term competitive advantage.

Take responsibility:

Manage the business side of all things related to product development by defining budgets and time schedules and coordinate resources.

Use creativity and freedom:

Work closely with sales, the senior executive team and BD to identify client needs and unmet demand and undiscovered opportunities.

Shape the future:

Translate client needs, features and USPs into a technology roadmap and development sprints to match your top down vision with a hands-on bottom-up approach.

Your profile:

Working style:

Major team player with a solid entrepreneurial approach and experience in startup environment and keen to create something big.

Personality:

Accessible, open, easy going, with a “can do” attitude, able to put the team objectives above one’s own objectives.

Experiences and know-how:

Minimum of 3 years of product management preferably in B2B software or related industries.

Languages:

Fluent in English, good in German.

Technologies:

Excellent IT understanding and deep understanding of software development and engineering.
